**Wendy Gardiner : Fresh Flower Arranging: A Step-By-Step Guide (Crowood Gardening Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fresh Flower Arranging: A Step-By-Step Guide (Crowood Gardening Guides):

3 of 3 people found the following review helpful. If I can arrange flowers, so can you.....By ChristinaThis small yet simple looking book, has taught me so many different ways to arrange various types of fresh flowers. Even my 13 year old daughter is able to make beautiful arrangements using this book. This is a great book for beginners. I hate to admit this, but my daughter's arrangements are better than mines.....

This practical step-by-step guide to fresh flower arranging first discusses the necessary materials and equipment before

going on to demonstrate 35 different arrangements, ranging from the traditional to the more unusual, and from the small, simple posy to the large and extravagant looking decoration for the floor and table. Each project can be completed easily and economically, and uses flowers and containers that are readily available. With clear, easy-to-follow instructions, supported by over 200 colour photographs, the book provides both the know-how and the inspiration to enable anyone - novice or experienced - to go on to create their own beautiful and original displays for every occasion.
