Duplicate of Friendship bracelets 101 By Caroline Moore There are a few differences between this book and the other one by the same author, but there is huge overlap. The fish bracelet with directions that totally do not work, is the same in both books, which is very frustrating. It's the first complicated one I have tried, so I hope the others are better. 6 of 6 people found the following review helpful. Just a copy of the 101 book By Alex This book is exactly the same as the Friendship Bracelets 101, except for the first couple of pages. I feel

cheated expecting different patterns than in the 101 book of course but in reality I now have two copies of the same book. Also the "Diamonds in Diamonds" pattern was incorrect in the first book (101) and is as well in this book. This was a complete waste of money and a great disappointment. 0 of 0 people found the following review helpful.
