9 of 9 people found the following review helpful. Flowers, tea, and sweetsBy LH422This is a cute coloring book. True to its title, it's full of garden and tea party-related items. There are pictures of flowers, butterflies, teacups/pots, and cupcakes. Here are the details:- Printed on one side of the page. Paper is white and not perforated.- Paper is standard Createspace weight, which means thin. You'll definitely need a page behind the one you're coloring.- Pictures are pretty and girly, and the artist has a distinct style. You can tell that one artist drew all the pictures in the book.- Attractive cover- I've found that some of the independently published coloring books have ugly covers. Not so in this case. The cover is well-designed and attractive, and fits the theme perfectly.- There are more flowers than there are teacups. The emphasis is on the "garden" part of garden tea party. If you don't care for coloring flowers this is probably not the book for you.- There are a variety of difficulty levels in this book. I tend to prefer the harder images. I

know there are lots of people who like having that range.- My only real complaint with this book is that I wish there were more tea-based pictures. The flower pictures are nice, but I have multiple flower coloring books already. I find the tea theme more original, and I'd like to see more of it.I would buy this artist's coloring books in the future.3 of 3 people found the following review helpful. Less flowers and such.0 of 0 people found the following review helpful. about average --By catherine lewandowskidecent enough -- some interesting drawings to color

Garden Tea Party is a coloring book for grown ups featuring teacups, birds, cupcakes, butterflies, and flowers. Illustrated by Stephanie Fizer Coleman, this coloring book includes 30 original designs of varying degrees of difficulty. You'll find simple designs with plenty of room for embellishment, as well as more complicated designs that help you focus and relax as you work on them. Images are printed on the front side of pages only, so you can feel free to color with markers and fine tipped pens. Provides hours of calming, meditative, stress- relieving entertainment.
