Annette Graf : Gel Candles: How To Make For Fun Profit! before purchasing it in order to gage whether or not it would be worth my time, and all praised Gel Candles: How To Make For Fun Profit!:

4 of 6 people found the following review helpful. DisappointingBy Ellie DaltonI am just beginning to get into candlemaking as a craft and was very excited to try something new. The book is self-published and it is obvious. Some of the pictures were stretched and are blurry. There are grammar and spelling errors that, being a teacher, were hard for me to overlook. Not all of the recipes were for gel candles, which I think is a little weird given the title of the book. There were a few good ideas, but overall, I don't believe this book was worth the price I paid for it. In fact, Soapmaking for Fun Profit gave me much better business advice (it applies to all crafts) and I found better instructions for Gel Candles on various web sites for free.0 of 0 people found the following review helpful. making candlesBy Doria BylerExplains exactly how to make the gel candles. After reading the book u can make gel candles, it makes it pretty easy and clear to understand/5 of 6 people found the following review helpful. Strange; pictures blurry; rather

crudely written
By A Customer
Although this book was supposed to focus on gel candles, there were recipes that used no gel at all! Instead, there were simplistic candles made of regular paraffin wax. You got the distinct feeling that someone messed up in publication and put the recipes in by mistake, or that the author was really trying to stretch the length of the book (which was pretty skimpy) and threw these recipes in. Very strange.

Gel Candles How To Make For Fun Profit! When you use gel to make gel candles the results are quick, easy, and spectacular. Gel candles are popular because they last a long time and are fun to make! This book will tell you what you need to get started, where you can purchase supplies, and provide you with some wonderful candle recipes. It will also provide you with great web sites for Gel Candle enthusiasts and information on how you can sell your gel candles. So let's get started making gel candles for gifts or to create them to sell for profit!

I Think You Have A Winner Here! Great presentation! -- Amanda, E-bizwoman
About the Author
Annette is a Successful entrepreneur who has created her own business and helps others start their own. After writing articles and books about selling on ebay, and selling her original craft patterns on the Internet she now shares this information with you.
