From Hong Kong University Press : Gems from the South: Traditional Crafts of Guangong Province before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gems from the South: Traditional Crafts of Guangong Province:

0 of 0 people found the following review helpful. An amazing over-view of Chinese gems By A Customer This book is utterly delightful! It will definitely appeal to those who like art, and in particular Chinese art. The text is very well-written and is most informative, while the illustrations are well-chosen. A nice book to adorn the bookshelves of any art lover.

Traditional Guangdong crafts are well known for being decorative and utilitarian. They demonstrate a unique style,

distinct from that of North China. This catalogue presents a selection from the Guangdong Museum collection.
