They are special-occasion stickers, though -- for the price, you don't get too many. So getting them for my 3.5 year old to just stick all over paper wasn't a great use of money. But I got again to use on homemade birthday cards and on envelopes of store-bought cards. 4 of 4 people found the following review helpful. CUTE! By BlackMamba I don't know why the person before me wrote that it was a pain to cut these up for party favors. I mean how hard is it to cut straight lines, seriously? They also said it was "time consuming," however it

took me less than a minute to cut these!!! These are adorable and easy to cut apart if you need too. My daughters cupcake birthday party will be a hit and these sticker will go great! Please note I wanted to give this 5 stars but for some reason it only let me leave 4.6 of 6 people found the following review helpful. wonderful stickers!!By K. Pruski-Dehnertmy girls LOVE cupcake-themed items; these are so adorable and very nice quality. the designs/colors are really cute and best of all the sparkles do not come off! thy are nice sized, as well (each one is size of a quarter). i highly recommend these stickers!

Look what came out of the oven. Two dozen of the sweetest and cutest cupcakes ever made. Each sticker is beautifully decorated with hearts, flowers, stars, circles, squares, dots, or swirls and a sprinkling of glitter is the icing on the cake. They almost look good enough to eat! A charming addition to birthday invitations, note cards, and lunch boxes, these stickers are always in good taste.
