2 of 2 people found the following review helpful. Great Small Book By MFlow I had seen this book at my local library. It has some nice, small projects. A bit old-fashioned, but they could be updated with newer colors. 2 of 2 people found the following review helpful. WOW! By Neen Has a lot of projects for such a tiny volume! The charts appear easy to read and the instructions clear. 0 of 1 people found the following review helpful. Did not care for it. By Steve Was not what I expected. Was not able to search book before I purchased it. I would not waste my time on any of these patterns. Out dated.
