**Kaffe Fassett : Glorious Colour** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Glorious Colour:

2 of 2 people found the following review helpful. No patterns at ALL - a real let-down...  
By LittleTank Agreed: no patterns to speak of for any of the mediums that Fassett usually uses, so a serious disappointment in that regard. However, the care that went into this book, and the insights gained into "how" Fassett looks at things and the world around him were valuable.
