Andrews McMeel Publishing : Gnome Away from Home before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gnome Away from Home:

18 of 18 people found the following review helpful. Gnome of a different color. By Sam Hale I ordered this after getting the wee gnome first. This one looked a bit more traditional, and I wanted a decent travel gnome to bring with me adventuring. Imagine my surprise today to find that the gnome inside, doesn't look like the gnome I keep seeing in pictures. He's skinner, his hat is taller, his skin is grey, and his face is skinnier. Is this a second generation miniature gnome? Have they changed designs? They must have. Even still, he's cute. His hat is taller than the wee gnomes, but overall, he's slender in comparison. Just be aware of that when buying him. The booklet itself is cool, and is done in full color. It looks quite nice, and has some good humor in it. His outfit is indeed the same color as the one you see in the pictures. I just wish his skin was properly flesh colored instead of grey. 4 of 4 people found the following review helpful. So darling! By Andrea M. Super cute! Really tiny, at about 3 inches. Which is exactly what I wanted, a pocket size for a friend who travels frequently and loves to record her travels in photo. He will be the perfect companion! Included cute little book "passport" with name and stats, and some gnome facts. 0 of 0 people found the following review helpful. Such a fun Gnome! By Cynthia L. Our Gnome Away from Home has been such a fun thing for us to do while traveling. We named him Arnold. Arnold has traveled the US, Switzerland and Africa... We even had a flight attendant pose with Arnold on Swiss Air. :)

Travel the world with this curious companion at your side. From Travelocity's Roaming Gnome commercial to Paris Hilton's famous People magazine gnome photo to the movie Amelie's wayward gnome, traveling the countryside is the hottest trend in gnome culture. Gnome Away from Home celebrates this latest craze with a mini traveling gnome figurine and a booklet of gnome travel tips, travel lore, and gnome history. The perfect quirky gift, Gnome Away from Home is a fun and hilarious tribute to the "roaming gnome" phenomenon and is sure to answer all your burning gnome questions!
