I already had one and then I bought a copy for my mom. We both love it!2 of 2 people found the following review helpful. Great resourceBy CyndiI love having these books as a resource for putting together a holiday meal. I also use the recipes throughout the year as my family is most receptive to them. I also refer to them throughout the year for ideas for hostess gifts or when I want to start preparing Christmas gifts ahead of time. I love all the Gooseberry Patch books I have seen and would own them all if I had the shelf space.13 of 13 people found the following review helpful. EnjoyableBy Serene NightI'm a fan of

gooseberry patch cookbooks and a collector. This is a large-sized Christmas book filled with holiday recipes and crafts bound in an over-sized spiral notebook sized book. It is broader and of a different style and shape than your standard gooseberry patch book. I have looked through this cookbook and craft book several times, and yes enjoyed it. This is a compilation of books 1-10. If you are a first-timer to gooseberry patch franchise you probably couldn't go wrong with this volume. It has a number of crafts and recipes (over 600), and contains many cheerful suggestions for the holidays. I particularly liked seeing the cute Gooseberry Patch Friends illustrations throughout this volume. If you are an owner of previous volumes, I would check it out first, to see if you are interested. This was a good book, with some above average photography. Some shots were a little dark, and not as good as their current standard, but still quite nice. The layout is fun, and I think this would be a great way to introduce a newbie to the Gooseberry Patch Franchise.
