**Integrity Publishers : Graduate's Scrapbook of Memories** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Graduate's Scrapbook of Memories:

1 of 1 people found the following review helpful. I ordered this and DISLIKE it. By Lauri Schroeder Absolutely NOT what I was looking for. It also came damaged today. Not going to be given as a Christmas gift now. Also the description at the time of purchase was NOT clear at all. I do not want a memory book of through the years. I want JUST a GRADUATION memory book. I'm going to seek my money back. 0 of 0 people found the following review helpful. ShopperBy Customer Great looking senior memory book. 0 of 0 people found the following review helpful. Wonderful PurchaseBy Customer This book is better than I could have imagined. I love all the space allowed for me to write special memories. The bible references are an added plus.

These beautiful hardcover journals look like real scrapbooks and allow scrapbookers to add their own photos and written memories of the love, fun and faith they experience with friends and family. Now anyone can create beautiful scrapbook memories for the ones they love without significant time and money investment usually associated with this creative hobby.
