**Georgie Newbery : Grow Your Own Wedding Flowers: How to grow and arrange your own flowers for all special occasions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Grow Your Own Wedding Flowers: How to grow and arrange your own flowers for all special occasions:

3 of 3 people found the following review helpful. A plethora of flowersBy woganThis book is focused on weddings and is published in Great Britain. However it can be used for more than weddings and there are sources for the US market and other than a few prices in English pounds you can just enjoy the beautiful illustrations and good advice. Even if you arent growing your own this can give you ideas to purchase your own flowers and that will cut costs whether for weddings or other occasions and personal enjoyment.The pages are good quality heavy stock and there are 2 ribbon bookmarkers. The photographs are elegant.There is advice for how much to grow stem counting, charts for flower combinations by season. Tips and advice are on every page. Instructions are clear and simple. Examples of

wedding settings and flowers are shown and described, but as I said these could be used for other than weddings. There are buttonhole facts, garlands and how to including water reservoirs. There is an appendix section with flower charts. This is a really complete book that you can use not just for weddings, but at other times too.

Both inspiration and practical information for any bride wanting to plan and grow their perfect wedding flowers For anyone who wants to add a personal element to their wedding, care for the environment, and save money while they do it, *Grow Your Own Wedding Flowers* is a must-have book. Filled with gorgeous pictures for inspiration, and written in a friendly, no-nonsense style, this practical book makes growing and arranging your own wedding flowers both achievable and fun, whether you are a beginner or advanced gardener or flower arranger. It takes you through how to grow, cut, plan, and arrange flowers, seasonal planting plans for spring, summer, autumn, and winter weddings, and ideas for planted wedding flower arrangements. Step-by-step guides cover the bridal and bridesmaids bouquets, flower crowns, wrist corsages and boutonnieres, table centerpieces, garlands, pew ends, and fresh- and dry-petal confetti. From jam-jar posies to elaborate arrangements, *Grow Your Own Wedding Flowers* has everything you need.

This book describes how to plant, harvest and arrange blooms to reflect your own sentiment and style. Georgie Newberry inspires any bride to turn her flower dreams into a beautiful reality."Debra Printzing, [slowflowers.com](http://slowflowers.com)
