Carrie Merrell : Half and Half Quilt Pattern + eBook before purchasing it in order to gage whether or not it would be worth my time, and all praised Half and Half Quilt Pattern + eBook:

1 of 1 people found the following review helpful. Five StarsBy Dale B.This book had some great ideas for hourglass blocks. These can be used in donation quilts. Quick and easy.6 of 7 people found the following review helpful. Buy a yard of fabric insteadBy JobabyWish I had used the ten dollars for fabric. The book does have some good info not not a lot. The charts were illegible on the 7inch Kindle. Only two plates were in color and all designs in black and white. Newsstand quilt magazines for \$6.99 have all color plates. Her ideas are good but poorly presented.0 of 0 people found the following review helpful. Good for teachers.By Mary L. FryerI've been buying a lot of 5 inch squares and making them into half square triangles. This is why I brought this book. I like the fact that many of the examples are black and white. I like to make more of my own variations from these examples. This book might be more for teachers or used as a teachers' tool. If you want things explained, this is not the book.

130 quilt blocks that all use exactly the same amounts of fabric so its easy to mix and match. This book contains everything you need to make a near infinite variety of half square triangle quilts when you mix and match different blocks and different fabrics. The pattern includes material requirements and instructions to make half square triangle quilts from craft size to king size and is fat quarter, fat eighth, yardage, jelly roll, charm square, and layer cake friendly.

"Half square triangles are such a versatile quilt block and Carrie's newest pattern provides you a wealth of knowledge for making half square triangle quilts!" -Aurifil
