Florence Schultz : Hand Embroidery Basics: Learn How to Hand Embroidery Basic Stitches and Techniques before purchasing it in order to gage whether or not it would be worth my time, and all praised Hand Embroidery Basics: Learn How to Hand Embroidery Basic Stitches and Techniques:

12 of 12 people found the following review helpful. Great book with nice illustrationsBy Chris GoldenlowI think this a very helpful and detailed book about an ancient technique which is Hand Embodiery. I like that it has many

illustrations, which some books lack. It teaches which equipment and types of fibers should be used and it shares some nice basic Hand Embroidery stitches and techniques. It also speaks about cross stitch basics, all with illustrations. There are also examples of different Embroidery styles, including Traditional Mexican Embroidery, which I find very interesting and beautiful. Interesting book from which one can learn a lot about basics of Hand Embroidery. 2 of 2 people found the following review helpful. A very artistic art! By Brianna Denise Krooberg Embroidery is a very artistic and creative kind of art before and even today. I remember doing it when I was in junior high school. The basics are easy but still in needs a lot of patience to finish a piece of art. This is a great book plus the illustrations on each of the examples of stitches are clear. My grandmother will love this book for sure and i will be sharing this to her. 0 of 0 people found the following review helpful. Horrible, horrible examples!!!!!! By mila dosien This has got to be a joke. Keep in mind...this is a book for beginners. About little, tiny needle and thread instructions with photos, so you can see these small details. First of all, I guess no one proofread this book, because of all the misspellings. I can overlook that. But the photos??? They are SO, SO, BLURRY, that I have a migraine trying to make out what these photos are supposed to demonstrate!!!! Considering what the purpose of this book is...its not worth the cheap paper its printed on. Ridiculous.

The only book you need to learn the amazing forgotten art of Embroidery with clear instructions and easy to see pictures. In her book, *Hand Embroidery Basics; Learn How to Hand Embroidery Basic Stitches and Techniques*, Florence Schultz teaches you how to embroider. This book is geared toward absolute beginners and teaches you all about embroidery floss and embroidery equipment, basic stitches and techniques, to a quick tutorial on counted cross stitch. Florence uses easy to understand instructions and step by step illustrations to teach you the basics of hand embroidery. Surface, or hand, embroidery is a time honored craft. It has its roots in the ancient world and has been used for many centuries to embellish garments, religious vestments, home dcor, and many other projects. In this book you will learn all the basic embroidery stitches. Running Stitch Split Stitch Lazy Daisy Chain Stitch Blanket Stitch Blanket Stitch Straight Stitch Satin Stitch French Knots Raised Satin Stitch Threaded Running Stitch Long and Short Stitch Long and Short Stitch Each step is clearly explained and illustrated with large clear images. Florence's style is laid back and relaxed. She shares tips to help you begin your lifelong journey with embroidery. Next she teaches you the basics of cross stitch and gives you an overview of counted cross stitch. Florence explains how to start a counted cross stitch pattern and how to find the center of your pattern and cloth. She also gives you tips on how to start and stop without the use of knots.
