I like the fact that it gives samples of 'do-able' lettering for an interested beginner - and it was encouraging for me to start off with calligraphy markers instead of the more sophisticated pen and ink methodes. This is a good companion for scrappers who would like to venture into their own style of handlettering and the styles themselves can be a focal point of cards, etc.I would recoment it to beginner calligraphers, although the more advanced styles are challenge enough for even those a bit more advanced.0 of 0 people found the following review helpful. Great book!By Ginger HuckThis is a great book with lots of information. It's easy to read and understand. I would highly recomend it!!!20 of 21 people found the following

review helpful. Best Lettering Book Ever!By StorkyWhen I got my copy of this fantastic book on hand lettering, I sat down and read it cover to cover. It is probably the best resource for hand lettering I have ever owned! I teach classes at a local scrapbook store, and with the author's permission, I have been teaching from her book. Her tried and true method is received with enthusiasm and excitement. The students cannot believe how hand lettering can be so easy! I highly recommend this book for anyone wanting to improve their hand writing and hand lettering skills.

Hand Lettering Mode Easy will jump start readers on the road to using colourful lettering in so many of the crafts they enjoy, including scrapbooking, cards, decorations and wearable art. Readers will learn just how easy hand lettering can be with this friendly, step-by-step guide. They'll even learn a secret shortcut to making beautiful calligraphy using markers. Crafters will discover the timeless treasures they can letter in their scrapbooks, gift tags and cards, place settings and elegantly addressed envelopes. Scrapbookers, crafters, teenagers, girl guide troops, brides and event planners will love this book.. It also includes tips for improving handwriting and lettering for left-handed people!
