Laura Ross : Hand Puppets: How to Make and Use Them (Dover Craft Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hand Puppets: How to Make and Use Them (Dover Craft Books):

2 of 2 people found the following review helpful. Let your inner child come out !By Genevieve EsquivieThis is a very good book with different level of creativity and difficulty. Very good explanations. There are patterns to copy, which I have not tried them yet ; also entire stories with directions and all. This is a very good for starters and intermediate ones.0 of 0 people found the following review helpful. Basic bookBy M. GatesThis book was as described but with less information than I expected; its usefulness was a good introduction to puppetry.2 of 2 people found the

following review helpful. Creative Puppets By Jill S. Eliot The book on Hand Puppets is very useful for helping children use their creativity. Great ideas!

Introduce children to the fascinating world of puppetry with this unique book by former teacher-librarian and veteran puppeteer Laura Ross. Step-by-step instructions and clear diagrams help beginners create captivating paper-bag puppets, rod puppets for shadow plays, and papier-mâché puppets with their own cloth costumes. Large, easy-to-read type and full-size traceable patterns show would-be puppeteers how to master basic skills: dressing and handling puppets, setting up a stage, and writing and producing an original show. In addition, newcomers to the craft will learn how to manipulate characters in three puppet plays: Rumpelstiltskin, Punch and Judy, and A Visit from Outer Space (an original play by the author). There are also suggestions for acting out the story of "Peter and the Wolf" with puppets while listening to the delightful symphonic fairy tale by Prokofiev. A brief introduction outlining the history of puppetry, a section on materials and where to get them, and step-by-step directions for tracing round out this entertaining how-to book.
