WalkerExcellent book for those of us just getting started and wanting to learn more about this ancient (lol) art. You can count on Alex Anderson anyway...she's the best.0 of 0 people found the following review helpful. Alex at her bestBy plautumnLove anything by Alex Anderson, quick shipping, as decribed1 of 1 people found the following review helpful. The book is greatBy SunshineI just got the book and flipped through it quickly and I love it. I am a visual learner and the actual sequential photos of hand quilting are fantastic. I would definitely recommend the book

itself and the seller to everyone.

Learn how to quilt in all directions and customize your stitch. Includes 6 small projects.

From Library Journal This small book, written by the host of Simply Quilts on Home Garden Television (HGTV), focuses on the technique of hand quilting. Anderson includes instructions for five wall hangings and one quilted pillow designed to build the new quilters skills without requiring a major time commitment. The author quilted each of the projects in under ten hours. Detailed color photographs of the quilters hand show each step of the quilting process clearly, for both the right- and the left-handed quilter. A good choice for even the smallest public library.
