2 of 2 people found the following review helpful. Gorgeous projects! By MBI'm thrilled with this book and can't wait to send off some of these incredibly cute cards. My only complaint is that so many of the projects require a Gocco. 1 of 1 people found the following review helpful. cute...easy to do By J. Nishimitsu very cute ideas and step by step instructions. templates are included...but I took off one star because it did not include the template for the owl card--the project I loved the most. the instructions say to follow the owl template...but I searched and searched and could not find it. I even went as far as to exchange it for a new book--still no owl template. so sad. very cute and inspiring though. 0 of 0 people found the following review helpful. and pretty easily done By Me'urranya Cederstrom Cute card ideas, and pretty easily done.
