Jake3 of 3 people found the following review helpful. good basic bookBy Liz from IowaThis book covers all the methods and gives some good recipes to start with. There are quite a bit of typos that even I found and a good editor or the author just rereading her notes could have found. For that little irritation I gave it only 4 stars.0 of 0 people found the following review helpful. Great information, but no photos at AllBy CustomerGreat info! Learned lots! But NO photos.
