**Ifeanyi Esimai : Happy Animals ABC Book: A Children's Animal Picture Book of Alphabets(Coloring Book)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Happy Animals ABC Book: A Children's Animal Picture Book of Alphabets(Coloring Book):

0 of 0 people found the following review helpful. Good For Young Couples!By Dr. Johnson C. PhilipObviously, it is

young couples who are going to use these Kindle books to teach the alphabet to their toddlers. That is why I labelled this review as "Good For Young Couples". This is the same old ABC illustrated book, but for the modern world. It can be used on Kindle and also on computers and tablet devices. While the black-and-white Kindle will display this book without any problem, Kindles or devices that can depict the book in color will bring out the effect much more. The animals chosen are familiar, and the depiction suits modern taste.\*\*\* Highly Recommended! 0 of 0 people found the following review helpful. Learn the ABCs By S. Cox Here's a cute and fun way to introduce your young one not only to the ABCs, but also to the world of animals! Each letter is represented by an adorable animal drawing, and is accompanied by a rhyme. Kids will love it! 0 of 0 people found the following review helpful. Happy is the operative word here. By James Mc Loughlin Happy is the operative word here. Well presented. Beautiful Illustrations, real attention holders. The children loved them. The real proof is when they want to read and hear it again.

Happy animals ABC book is a childrens (3 years and up) alphabet book with illustrations of happy animals filled with rhyming text. The children get to color their favorite animals! It is excellent for preschool kids as they prepare for kindergarten. It provides children the opportunity to become familiar with animals around them and recognize some unique things about the animals in a rhyming fashion. Happy Animals ABC coloring book covers the alphabets from A-Z and is an adequate bedtime companion for little ones before they call it a night; just like the Turtle always says, Eyes on the prize!
