Tim Foley : Hillary Clinton Paper Doll Collectible Campaign Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hillary Clinton Paper Doll Collectible Campaign Edition:

1 of 1 people found the following review helpful. hillary paper doll bookBy charlotte goodreauI bought this for my friend. Great book, vibrant colors. But, it's not actually perforated. So you can't just tear out the dolls and clothes. Now, I know my friend won't want to actually play with it, but some people might buy this for kids to play with. I was disappointed in it not being perforated, seemed not authentic enough. But it's my only complaint.2 of 2 people found the following review helpful. Great collectible!By Jill PattersonLoved it! Especially the Girl Scout costume. Enjoyed the fun facts about Clinton--did not know she was a hot sauce aficionado.0 of 0 people found the following review helpful. Good gag giftBy booI bought as a gag gift for someone.
