The setup is almost like a cookbook (ingredients first and then the descriptions)2 of 3 people found the following review helpful. Not happy with this bookBy Jessica JohnsI was really disappointed in this book because the crafts look badly thrown together. I know this is for kids to do with you but these projects are obviously and junky. Nothing you would keep. We didn't make anything out of it and just gave it away.1 of 1 people found the following review helpful. awesome DIY idea for holidayBy KatyShould have step by step picture. Was hard to follow with only instruction. But still have fun looking and making the craft
