This book features unique and fun ideas parents or teachers can use with childrenBy palakamanThis book features unique and fun ideas parents or teachers can use with children. It has colorful, detailed visuals and simple, clear instructions for completing the projects. I have purchased a copy for myself and several extras to be used as door prizes at several a community classes I was recently involved with. The participants were very excited to try these ideas out after I described the projects and showed them some examples. I would highly recommend this book for anyone looking for fun activities for children throughout the year.0 of 0 people found the following review helpful. Get this book!By CustomerAwesome book of crafts with easy to follow instructions!! Your kids can have hours of fun with you and each other. Definitely recommend this book. The photographs are exceptional, which is where most craft books fall short.1 of 1 people found the following review helpful. Get this book!By 5thof11I love the simplicity of the crafts in this book and the encouragement to interact with your child while constructing them. We appreciate the instructions and supply list on how to use the book at the beginning especially. I'm going to buy a second one as a gift for my kids teacher at their elementary school.

The sweet and simple projects in *Holiday Crafts* will be sure to make lasting memories, not to mention priceless mementos.
