Nice Christmas quilting gifts.By LisaThis is a very nice book even though it's a couple of decades old. It has plenty of projects for the holidays with pretty wall hangings for the major holidays. Most of the patterns are based on the log cabin or court house steps block patterns with a few variations. The book gives a good over view of speed piecing. The instructions are easy to follow. Templates are given for any applique as well as an overview of applique and embroidery techniques. I'm very happy I found this book it's one of the best. I would recommend it highly. It arrived in great condition.0 of 0 people found the following review helpful. Log Cabin DesignsBy Kindle CustomerThis is a great
