FOR HOLIDAYS AND ALL YEAR 'ROUND!By M. A. ButlerI just got this book and was inspired by all the clever projects...the book primarily features a blue and white colorway for the holiday themed projects, which I like because it seems more inclusive of winter holidays such as Hanukkah. I'm inspired by the effective uses of striped fabrics in many of the projects...and while the book includes the basic table runners, place mats and napkins, quilts and pillowcases - it also features a lovely window valance and a rollup shade, and some more unusual projects such as a mantle cover, a wall scone and a very clever

fabric jumping jack! A few people on my holiday list are sure to get one of those! Each project is shown in holiday and everyday variations, and full sized tissue patterns are included in an envelope in the back of the book - which makes it a great deal, considering the price of patterns. And in plenty of time to create a houseful of decorations for the holidays.
