following review helpful. LOVE IT!!!By BinkI first saw this cookbook during "Christmas in July" on QVC. I found it here on and bought it since the price was much better than QVC. :)I have made a lot of the recipes already (which my husband totally loves!) and they are amazing! I love how they give you that Holiday feeling and they are all so easy to make! The best part is everything is made from scratch which is the way I cook 90% of the time :) I love the craft ideas they have in there too and I'm making some new traditions, that I found in the book, this coming Holiday Season. I HIGHLY recommend Gooseberry Patch!0 of 0 people found the following review helpful. I Found some interesting thingsBy CassieThey ship out FAST I received it in about 5 days. The binding was not broken which made me VERY happy. I have found some different things in this one looking forward to doing the old Red Velvet Christmas Cake as it is called and some of the fudge. I have about 12 things marked to try so it was well worth the money. Thank You.
