Joan Moshimer : Hooked on Cats before purchasing it in order to gage whether or not it would be worth my time, and all praised Hooked on Cats:

More than I expectedBy AmisI got this book (used through) because I wanted to know more about ways to hook realistic looking fur and not because I particularly wanted to make a cat rug. However, the book provided so much more than I expected. I would highly recommend it to everyone. There are illustrations of some gorgeous rugs in a great variety of styles to whet the creative appetite and a huge amount of down to earth advice from a real expert. The little practical hints on everything from fabric choices and techniques to dye methods and designing an original rug that are dropped here and there in the text are well worth the purchase price! There are also some lovely black and white drawings of cats by the author. This is "a keeper" as far as I am concerned!0 of 0 people found the following review helpful. Wonderful book!!!By PattyI've discovered Joan Moshimer as a wonderful author. If you love cats and rug hooking this is the book for you! From the first few pages full of stories of her "cat family" you're going to love this book. Joan explains with a delicate sense of humor,

everything related with this art, such as drawing cats, choosing basic materials, dyeing formulas for the different cat's breeds, beginners and advanced projects with patterns and of course an introduction of hooking technique itself. It's an amazing book from a really amazing lady!!!0 of 0 people found the following review helpful. Love rug hookingBy Barbara PetersThis is a small sized book that is well done and covers a wide range on the subject of rug hooking from getting started to finishing. i consider it a great reference book. I was drawn to it by the cover which is a nicely shaded probably Persian cat. it's a great book for this just getting started in the art of for those old experienced hands as well.

Back by popular demand, "Hooked on Cats" takes you step by step through a variety of styles and patterns and provides advice on capturing the look of cat fur, whiskers, eyes, and noses. Complete basic projects in a short time or use dye formulas and design hints to create your own rugs. Includes: tips and techniques from a renowned rug hooker; ten complete patterns with step-by-step instructions; a full-color gallery of rugs both old and new; special dyeing techniques; how to hook fur, whiskers, and more.

About the AuthorJoan Moshimer was for many years the editor of "Rug Hooker News Views" and a contributing editor to "Rug Hooking" magazine.
