That said, it is a very good book if you have a collection of rug hooking books. The colors are somewhat outdated now, but the designs (which must be enlarged) are still wonderful.3 of 3 people found the following review helpful. Helpful and inspiringBy DianeI bought this book for the unusual items created by the author. I especially like the angel and idea of creating wall art of any shape and size.0 of 0 people found the following review helpful.
