Such a wonderful book!By Dashing Product AvengerThe person who thought that this book promotes violent behavior is a clueless ignoramus. The book helps grandparents and kids bond with all kinds of wonderful activities, including --gasp! slingshots and other such toys! I love to see that, in this day

"violent behavior"?!? -- puh-leeze! By A Customer Kids are going to make slingshots and arrows on their own, no matter what the PC, New Age types out there think. A guide to making essential toys that every grandfather should know how to build with his grandchildren.

A charming book. -- Spokane Spokesman- Amusing and entertaining. -- Chicago Tribune About the Author Verne Steen
