Joelle Meijer : How to make a Giant Nutcracker before purchasing it in order to gage whether or not it would be worth my time, and all praised How to make a Giant Nutcracker:

Make your own decorative nutcracker that stands over 6 feet tall! Make it alone or as a team and proudly display it in your home or at your front door at Christmas time. This giant nutcracker is designed in such a way that it can be disassembled for easier transport. The book contains the list of materials, detailed illustrated instructions, patterns and templates, and many tips resulting from actual experience in building this impressive nutcracker. Bonus: A link to online video tutorials that show how to make this nutcracker.
