0 of 0 people found the following review helpful. greatBy Amy KincaidI ordered this book while it was free! If you search for books and select for the results to be sorted with the cheapest ones at the top, You will find TONS of books to download free from . I take advantage of that any time I can. The craft and hobby books are a great way to browse through different pattern and projects without buying an expensive book first. I often go back and order a hard copy of the books I really like as they can be more convenient than a digital copy on the Kindle, especially those with patterns. You can also open the books on a tablet or laptop and take a screen shot if you want a hard copy of the instructions. Then you only print the pages you need, not purchase a full hard copy.1 of 1 people found the following review helpful. This book is absolutely wonderful. It is very interestingBy ClaudiaThis book is absolutely wonderful. It is very interesting. Loved it. You will find it to be an excellent choice. This book is an excellent book for a beginner.This book was very well organized and very easy to read and comprehend. The details of each and every step used to make your own bath bombs were amazingly on point, so easy with adult supervision these steps could be used with a children's group activities. The recipes are so simple to understand. The author has put extra efforts in writing such a masterpiece. The quality of material of this book is worth more than its price. Easy to understand content for everyone. The only challenge in reading the book was the urge to stop reading and go try some bombs recipes. From me, I will definitely rate this book and the author's efforts a 5-STAR.1 of 1 people found the following review helpful. A Great Bath Bomb GuideBy Samantha BensonBath bombs are so much fun. They are fun for both kids and adults. I grabbed this book to help me learn how to make them so that I can get them. This book gave me information on the basic ideas on the ingredients. This book covers all the equipment that you might need to to make bath salts. Then there is some great advice on things that you need to know about making bath bombs. After that were some great recipes for different recipes that look like tons of fun.
