4 of 4 people found the following review helpful. Not what I expected. By On principal Every author hates a sale returned. Sadly, I returned this one a few minutes after I purchased it. To be fair to the author, I skimmed through the book but noticed the recipes were to made up from bought soap. Why isn't this mentioned in the description. The title of the book 'How to make your own liquid hand soap....' is very misleading. It's not how to make your own - it's how to take a bought, ready product and grated it to make whatever. Yes I'm giving this a 3* and not 1* simply because it is probably a worthwhile book to people who want to make their products this way. 0 of 0 people found the following review helpful. Many of these recipes seem like common sense By M Worley Many of these recipes seem like common sense... but you know what? I didn't think of them on my own and they did stretch my dollar. If you use natural soaps and essential oils, this pays for itself with your first "creation". The lotions are super. It's worth the buy if you don't feel like googling recipes.
