TremendousBy henryraddick@hotmail.comLife dealt my wife Marjorie a poor hand to begin with, and not much came up on the flop; but thanks to this fantastic guide she is planning on penning a genuinely moving and heartwarming account of triumph over adversity. A warmhearted guide for those who would like to record the events of their lives for family and friends. This revised third edition contains new selections from the author's students, more on library research, and an inspiring chapter on how our great-grandparents preserved their stories under impossibly difficult circumstances.
