**Jean Ray Laury : Imagery on Fabric** before purchasing it in order to gage whether or not it would be worth my time, and all praised Imagery on Fabric:

1 of 1 people found the following review helpful. Imagery on FabricBy billie piazzaI am collecting anything by this author! Although somewhat out of date, think. This book is great for someone like me who is just coming to the skill of putting imagery on fabric. If you like history of crafts, this is the book for you.2 of 2 people found the following review helpful. ContentsBy 2crazy4books2Imagery on Fabric: a Complete Surface Design Handbookby Jean Ray Laury"This author's stimulating, original ideas are matched by her ability to clarify and simplify every technique she teaches. The latest strides in image-transfer technology, plus all-new color photographs, make this second edition a state-of-the-art standard for its field. Almost any image -- cherished family photos, a child's drawing. the words of a love letter -- can be transferred and captured forever on cloth by following this manual's clear instructions. Several printing processes are described and fully illustrated."9 of 9 people found the following review helpful. Great for Quilting!By Beckisprout\_in\_AlaskaThis book has a full range of methods for printing images of fabric. The author assumes the reader has no previous experience, so she explains everything in detail. Includes transfer, computer printing, silk-screening, freezer-paper stenciling, light-sensitive other photo printing techniques, stamping, drawing, and painting directly on the fabric.
