**From Conundrum Press : Inkstuds** before purchasing it in order to gage whether or not it would be worth my time, and all praised Inkstuds:

Inkstuds is a collection of thirty interviews with North American alternative comic artists taken from the impressive archive that Robin McConnell has built up over the past 5 years on his radio show of the same name. The interviews focus on the creative process and influences, but the subjects discussed often branch off in surprising and interesting directions. The artists chosen cover the range from the older generation of underground cartoonists to the new generation of the comics avant garde. This book is an invaluable resource, not just for comic enthusiasts but anyone interested in the artistic process.

About the Author Robin McConnell is the host of Inkstuds on CITR, the radio station at the University of British Columbia, where he is also a student. He lives in the Mount Pleasant neighbourhood of Vancouver.
