Carol Endler Sterbenz, Genevieve A. Sterbenz : Instant Gratification: Candles: Fast and Fabulous Projects
before purchasing it in order to gage whether or not it would be worth my time, and all praised Instant Gratification: Candles: Fast and Fabulous Projects:

4 of 4 people found the following review helpful. Great candle-making book - even for beginners!By A CustomerAs an amateur candle maker, I found this book to be chock full of really great ideas, and easy to do. The ideas are very original and look great in any home. It's full of projects that you will actually want to do, instead of being slanted toward old-school techniques that no one really likes anymore - it's up-to-date! You'll have a harder time finding your supplies at your local craft store than you will completing these projects. Plus, some can be done with store bought candles for those who don't want to get their hands dirty making the actual candles. I highly recommend this book.0 of 0 people found the following review helpful. Instant Gratification: CandlesBy Anne C. DrylieThe book was good, wish it had more soy information which is what I was looking for. But all in all, it was worth it.

Give the gift of light. Nothing radiates warmth and good cheer like a handmade candle--and their incredible popularity proves it. Instant Gratification: Candles demonstrates how easy it is to achieve truly elegant results by decorating purchased candles or creating beautiful candles from scratch using simple dipping and pouring techniques. With

gorgeous photographs and step-by-step directions, this collection of 38 simple projects puts all of the candle-making essentials within everyone's reach.
