**Sandra Evertson : Instant Memories: Babies: Ready-to-Use Scrapbook Pages** before purchasing it in order to gage whether or not it would be worth my time, and all praised Instant Memories: Babies: Ready-to-Use Scrapbook Pages:

7 of 7 people found the following review helpful. One of the best Instant Memories book! By Elisha Granger I am addicted to Instant Memories clip Art. However, "Love" and "Family" are far the best. The quality, beauty and selection is unbelievable. I do not like digital scrap. (However this product is perfect for the digital scrapper.) I want dimension and ability to add my own choices. The pages provide incredible inspiration for handmade additons as well as cutouts to fit your pages. I hope people catch on to the goldmine. I have a huge collection of clip art from upscale and popular sites. However none of them equal the quality of these books and CD. 0 of 0 people found the following review helpful. Not as expected By Carolyn I am very disappointed in the contents of this book. From the front cover, I was not expecting the images to be "primitive". Also, the cow image on the front cover is exactly as shown with the child on its back. There doesn't appear to be a way to get just the cow image only. There are some images like bows, flowers, butterflies and picture frames that I will be able to use for scrapbooking and card making. If it weren't for the non-baby images, I would feel like I wasted my money. 1 of 1 people found the following review helpful. Nice Images.... Old Fashioned By Doxie Lover Inspiring pages with lots of creative clip art and images. Definitely not contemporary though. The pages are very old fashioned and antique looking. I personally think they are beautiful but if you are looking for something more modern then this isn't the scrapbook for you. I bought it as a gift for a friend and was a little disappointed by the images only because I know she is more in to more modern looking pages.

One of the first four books in the Instant Memories series. Each of these books offers 57 scrapbook pages ready for your photographs. Simply tear them out along the perforated edge, add photographs and diary entries in the spaces provided, and you have a beautiful, vintage scrapbook page in minutes. For added value, each book comes with a CD that contains all of the images that make up each individual page. Hundreds of images at your fingertips for use in scrapbook, fabric transfer, and woodcrafts. Eight pages of gallery ideas are provided to demonstrate how the artwork can be used.
