'International Floral Art' displays the variety and rich potential in contemporary floristry and creates a platform for the exchange of ideas. For well-established floral designers it is an opportunity to demonstrate their craft; for budding florists, it is a chance to showcase their talent.

Certainly far from the traditional brides bouquets and table decorations, these floral designs express extraordinary originality in the use of vegetation in arrangements. --<http://www.chicagobotanic.org/book/14.5/floral.php>
