Debra, M.D. Kimball : International Sunbonnet Sue before purchasing it in order to gage whether or not it would be worth my time, and all praised International Sunbonnet Sue:

0 of 0 people found the following review helpful. Love this bookBy Carol A. ReedI love this book. The first thing I made was the American Sue. She is just so cute holding the American Flag. Then I have a friend that just got her American Citizenship. She was originally from Holland. I made her a pillow with the American Sue on one side and the Dutch girl on the other side. She was so touched. The best thing is you can do embroidery or any type of applique that appeals to you. I know this book will get a lot of use in my quilting room. Love it, Love it, Love it.1 of 1 people found the following review helpful. ... these quilts and each one has been received with joy and great thanksBy Gigi Graffi have made two of these quilts and each one has been received with joy and great thanks5 of 5 people found the following review helpful. Sunbonnet Sue Goes International!By Isabel CarolinaBeautifully presented designs for international Sunbonnet Sue applique by excellent artist. The 50 designs are smart and well-designed. I hope the

author continues to draw (I could use patterns for all 21 of the Spanish-speaking countries, for instance, and more African nations)our beloved Sue!

The most popular quilt character of all time, Sunbonnet Sue, has gone international. Deb Kimball used her imagination to send Sue traveling in the US and around the world, and the colorful result is International Sunbonnet Sue. Each of the 49 Sues is dressed in her country's traditional costume and holds a symbolic souvenir. One large bed quilt or any number of smaller projects can be personalized to represent any quilter's heritage, family tree, or travels. Imagine block exchanges with quilting friends near and far! Deb hand appliqued her quilt, but machine appliquers will have fun putting their own touches on her original designs.
