Amazing Resource for Iron Man comics By Teresa Sooley Amazed by the quality and content in this book. Cannot imagine the hours the writers and researchers put into this product and they delivered an amazing product. From character appearances to detailed synopsis of each issue. The format was perfect being both an ideal size and that it's in paperback format. Wished Marvel Comics published their Official Handbooks this way as well. Looking forward to future editions of this and will be buying them as they are published. Must have for any Iron Man/Marvel Comics fan.
