Decent book, but too many types of animalsBy F.FaulknerI was looking for ideas to feature dogs cats and more than half the page layouts in this book concerned farm animals, wild animals, zoo animals etc. I felt the topic should have been one or the other because I felt there weren't enough dog pages.The layouts gave me a few ideas, but not as much creativity as I was hoping for. I saw some magazine layout ideas for

pages about dogs that I liked more that inspired me to buy this book.0 of 0 people found the following review helpful.
SCRAPBOOKBy C. kingVery good condition, lots of useful ideas. Checked it out from the library and liked it so much I bought it on for pennies on the dollar.

It's "reigning" cats and dogs in this heartwarming collection of memory album ideas and quotes dedicated to your favorite pets and animals. Includes examples of dogs, cats, horses, birds, small animals, zoos and animal parks.
