0 of 0 people found the following review helpful. Loaded with infoBy Jule KijekI just bought this book while on vacation at a used book store. All I can say is WOW. It is loaded with great ideas and lots and lots of examples. It is broken down into chapters like 1st day of school, Halloween and New Baby. The book also has little hints on how to make the most of your time and supplies. The book came out in 2005 but it is in no way dated. I would strongly recommend adding this book to your collection.0 of 0 people found the following review helpful. It's amazingBy MarleneThis book is full of ideas. It's amazing

Once you've experienced the thrill of seeing your cherished photos on an awe-inspiring memory page, you understand what the excitement is all about -- it's all about scrapbooking!
