1 of 1 people found the following review helpful. It is a nice addition to my quilt book collectionBy Janet HuebelIt is a nice addition to my quilt book collection. I read the reviews before ordering and knew that the quilts did not take one yard of three fabrics - I have a different book for that.1 of 1 people found the following review helpful. Great BookBy DonnaLove the book and you don't have to go out and buy a lot of fabric it gives amounts for different size quilts too. Would recommend to others. The patterns are nice too they have in the book, and easy to follow.1 of 1 people found the following review helpful. The directions are clear and I found at least 4 patterns that I've put on my list to make.

It Takes Three contains eight quilting projects you can make from a just three yards of fabric each. Just think, a small

amount of fabric is all it takes to complete any of the quilt tops. The projects are current with the styles and trends in today's quilting community. Also included is a sidebar about raw-edge fusible applique. You're only a page turn away!
