**From Annie's : Itty Bitty Babies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Itty Bitty Babies:

It did need some adjustment in the seat of the pants to give full coverage to the Berenguer 5" baby doll that I purchased, but once I did this it turned out just fine. I do plan on making the other outfits as I have 3 little girls in my life who would love to have them. 0 of 0 people found the following review helpful. GREAT FOR CROCHETING ENTHUSIASTS By Customer I bought this book after buying tiny dolls (like in this book) on Ebay. I've seen some of the little outfits from this book, or similar, for sale on Ebay too. If you are good at this crocheting very small items, this could be a money maker for you. Sadly, I'm more of a knitter, and new to crochet, I'm trying to learn, but finding it difficult on my own. I'm hoping that when I get better at it, I'll be able to make some of these adorable outfits, for my tiny dolls. 1 of 1 people found the following review helpful. Bitty
