Kunio Ekiguchi : Japanese Crafts and Customs: A Seasonal Approach before purchasing it in order to gauge whether or not it would be worth my time, and all praised Japanese Crafts and Customs: A Seasonal Approach:

1 of 1 people found the following review helpful. Nice blendBy J. B. DianThis book was a lovely blend of customs, folklore, and non-westernized crafts to reinforce the feel of Japanese customs. I bought this for my Asian Studies Major's birthday and I'm sure she'll love it as much as I do.1 of 1 people found the following review helpful.

Beautifully illustrated and inspiring photosBy KD-DThis informative and fascinating book is one of my favorites. I read this again and again to savor the seasons as they pass. Whether or not you've lived in Japan, you'll feel as though

you are there when you read this book. 1 of 2 people found the following review helpful. very interesting...By JRomani liked this book, but the seller who i bought it from, which i dont remember who sold it to me in pretty crappy condition so some of the pages were missing so i dont think i could fully enjoy it. but the pages i do have are nice and maybe if i get the time will make some of the projects in this book.

This text contains Japanese decorative and traditional crafts projects from each season together with essays on the customs and festivals that mark the changing seasons.
