1 of 1 people found the following review helpful. love it!By Lithgowall of the patterns are so cute! there's only one in the book that i don't think i would make for a baby, maybe for a toddler, though. the best part is that most of the patterns can easily be added on to so a bigger quilt can be made. also, i've noticed with many other jelly roll quilts that other pre-cuts are needed (i.e. charm packs or layer cakes), but this isn't the case for Jelly Babies, just extra yardage is needed for borders, backgrounds, applique, and backing (many patterns call for binding from the jelly roll).0 of 0 people found the following review helpful. fun patterns and ideasBy NanFischlots of cute, fun patterns and ideas!
