I really feel that this book is a beginners book. As I feel this is a beginners book, it would serve the student well if photos of the techniques were e included. Time for a re-write I think.2 of 2 people found the following review helpful. Did I miss the pictures?By DayI could have missed them... but pictures are essential to communicating any art form, especially teaching that art form. There is no reason to buy this book. Don't. Please.2 of 2 people found the following review helpful. Waste of money!By Donald FogeltanzThis is one of the most useless books that I have ever seen. No illustrations, pictures, etc. What a waste of money!!! Would definetly not recommend.
