**Hiroko Fujita : Joy of Flower Arrangement** before purchasing it in order to gage whether or not it would be worth my time, and all praised Joy of Flower Arrangement:

7 of 7 people found the following review helpful. Perfect for the absolute beginnerBy pkcmom54This is a great step-by-step book for those of us truely at the beginning of learning flower arranging. The pictures take you from flower to flower on how to place each one. The arrangements are very simple and unimaginative, but very easy to follow. There are great models for arranging in different kinds of vessels, some a litte too odd for me. (Like arranging in a soup ladle.) The biggest missing piece in this book is the preparation work necessary to make your arrangements look fresh for as long as possible.0 of 0 people found the following review helpful. Joy of Flower ArrangementBy JoanI bought this for my daughter because she wanted to find how to arrangement flowers. A friend of mine told me about this book and I have one and bought the other for my daughter.0 of 0 people found the following review helpful. usefullBy Yanalt is really usefull book. If you have ideas for arrangements, the book shows the techhology! Book contans pictures and good explanations.

Featuring more than 400 color photographs and diagrams, this book explains the fundamentals of composition in the seven basic arrangements and details the application of basic styles to particular cases.

About the AuthorHIROKO FUJITA is a floral artist who loves flowers and nature. Born in Yokohama, she was introduced to Japanese Flower Arrangement at a young age and later to Western flower arrangement by American housewives living in Yokohama. After graduating from Musashino Art University she started work as a floral artist. In addition to teaching at a variety of locations, she has taught at international symposiums using flowers to exchange culture. She is the founder of Takao Flower Arrangement School and a lecturer at NHK Culture Center.
