Constance Eileen King : Jumeau before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jumeau:

2 of 2 people found the following review helpful. Beautiful PhotosBy anniebPhoto's of dolls are beautiful, history of the company and other important information included. An important resource book and great addition to your library.2 of 2 people found the following review helpful. Very nice book in good conditionBy Michael WilliamsThis book is in very good condition with beautiful pictures and wonderful information about Jumeau dolls. I really enjoy reading this book.0 of 0 people found the following review helpful. Five StarsBy Val in PAGreat book!!

Of all the French dollmakers, for over half a century, Jumeau reigned supreme. Originally made as playthings, many of these dolls are, today, among the most sought after antiques, being fought-over at international auctions by some of the leading collectors. This history book, the most complete written on the subject to date, traces the chronology of Jumeau production from its beginnings in the 1840's through the end of the nineteenth century. Full color pictures, carefully chosen to show the beauty and different moods of the faces, are accompanied by text that provides collectors with important and interesting information. A current price guide, a special section on Jumeau marks, and a historical list of international prices and sizes are presented as important references.
