this book! They are all so pretty and simple to make! 2 of 2 people found the following review helpful. A nice treat for me! By KathyMarie I love Kaffe Fassett and have several of his books and I recently bought several of his bright print fabrics to make some items like a patchwork pillow and tablecloth. I got many ideas and plan to use more from this book. I don't why, but when I purchased it it did not dawn on me that my pillow sizes might not match up to the sizes in the book (silly me) so I need to resize to fit a lot of them, but that is ok as I customize about everything anyway. I just like to treat myself to a new colorful book now and then, and it's a keeper to me, even though all the patterns are not my style by any stretch still gives me plenty of ideas.
